2. OVERVIEW OF THE IMPLEMENTATION OF THE COOPERATION PROGRAMME (Article 50(2) of Regulation (EU) No 1303/2013 and Article 14(3)(a) of Regulation (EU) No 1299/2013)

Key information on the implementation of the cooperation programme for the year concerned, including on financial instruments, with relation to the financial and indicator data.

This is the seventh Programme Annual Implementation Report which reports on the implementation process during the calendar year 2021. It was prepared by the Managing Authority (MA) with the support of the Joint Secretariat (JS). The implementation of the programme ran actively with the: 1) successful implementation and closure of 29 ordinary projects (namely 20 projects in the year 2021) out of 51 financed projects; 2) ongoing implementation of 5 Targeted Strategic Projects; 3) running of 10 projects included in the "reserve list"; 4) running of the 2 Targeted Strategic Projects (AETHER and COOFHEA) financed in the year 2020; 5) starting up of COOFHEA 2 financed in the year 2021 under the 8th Call for Targeted Strategic Projects; 5) achievement of the expenditures target assigned to the Programme for the year 2021.

On 1st October 2021, the Managing Authority launched the 8th targeted call for emergency project proposal under the SO 1.1. "Delivering innovation support services and developing clusters across borders to foster competitiveness and COVID-19 emergency". The Call closed on 15th October and the project proposal COOFHEA 2 was approved with the Monitoring Committee's decision of 15th November 2021 (written procedure no 61/2021) for a total budget of 12.000.000,00 Euro. The Subsidy Contract was signed among the parties on 18th November 2021 and the related activities were started up successfully.

Finally, the following Programming Committee meetings for the Interreg VI Greece-Italy Programme 2021-2027 took place:, 3rd PC online meeting on 4th March 2021, 4th PC online meeting on 14th July 2021, 5th PC online meeting on 23rd September 2021, 6th PC meeting in Athens on 21st October 2021, 7th PC meeting in Bari on 14th December 2021

The Managing Authority of the Interreg V-A Cooperation Program Greece-Italy 2014-2020 in the context of the writing of the new Cooperation Program for the Programming Period 2021-2027 and with the aim of further developing the partnership conducted 3 phases of public consultation as follows:

- the 1st phase of the Public Consultation was carried out with the aim of highlighting the needs and challenges of the intervention area, gathering information not only on the strengths and weaknesses, but also the opportunities and threats presented in it.
- the 2nd phase of the Public Consultation focused on prioritizing the Specific Objectives of the Program Strategy to meet the needs of the cross-border area, submitting proposals for relevant actions through which these Objectives will be met, linking the specific objectives with the rest selected Policy Objectives
- the 3rd phase of Public Consultation was conducted at executive level, during the period from 1 to 13 July 2021.

The Programming Committee of the Interreg VI-A Cooperation Program "Greece- Italy 2021-2027 based on the results of the above consultations and within the framework of its responsibilities, formulated the draft Programme which was sent informally to the relevant bodies of the EU.

Following the decisions taken during the 7th PC meeting held in Bari on 14/12/2021, the final draft of the Programming Document of the Interreg VI A Greece-Italy 2021-2027, as well as the indicators methodology were sent informally to the European Commission on 30/12/2021. The official submission of the Programme through SFC is expected in April 2022.

In relation to the financial data, € 56.808.644,78 funds (ERDF + national counterparts) were certified and the last payment request was sent to the EC in December 2021 (31/12/2021).

During the 2021, the eighth targeted call for Emergency project proposal has been launched. Under this call, the program aimed to address specific needs of the eligible cross-border area and more specifically to respond to the necessity to the civil protection during the COVID-19 emergency. The call closed on 15 October 2021. A new Strategic project, called CoofHea2 was funded on 12 November 2021.

In 2021 the information and communication activities have been directed to the target groups identified by the Communication strategy in the Programme area, and in particular to the beneficiaries of 51 ordinary projects and 7 strategic projects, the key target in this year. A special attention was given to the 20 closed projects with the aim of supporting them in the project closure procedure and collecting the achieved project results.

At European level, the Interreg V-A Greece-Italy programme won the European Project Slam competition 2021 with the video of the Ofidia2 Project, surpassing the 10 European finalists with 28% of the votes in favour expressed by the audience in the auditorium, during the award Ceremony held in Brussels on 7 October for the Interreg Annual Event.

The project received the award on 7 October in Brussels from Normunds Popens, Director General of the European Commission's Directorate General for Regional and Urban Policy during the Interreg Annual Event, which gathers the main representatives of cohesion policy and interreg at European level in the Belgian capital. The video had already won the Social Media Award for being rewarded by the Facebook audience with over 1300 likes and 22,000 views.

At local level, Interreg Greece-Italy Programme celebrated the European Cooperation Day with an event "Cultures on the road: path and theatrical stories of cooperation on 1-2-3 October 2021 in Puglia Region, involving several locations Monte Sant'Angelo, Minervino di Lecce, Margherita di Savoia and Castel del Monte-Andria in Puglia. Three days to know and discover the Apulian landscapes and history by walking along the cooperation paths mapped out by "Cohen – Coastal Heritage Network" and "TheRout_Net – Thematic Routes and Networks" projects.

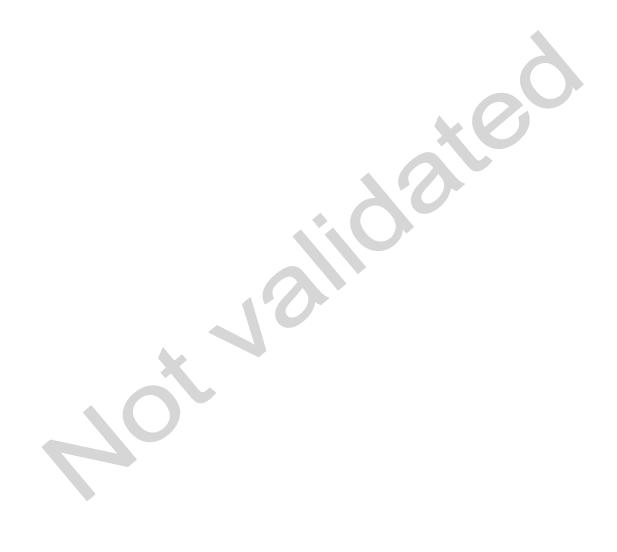

In Greece, Interreg Greece-Italy Programme celebrated the European Cooperation Day with an event "Young people for zero pollution: Beach Clean up in Astakos in Aitoloakarnania" on 15 October 2021 h.10.00 that involved children and students of local schools.

During the 19th European Week of Regions, Interreg Greece-Italy is among the protagonists of the virtual workshop "Women at the forefront of the emergency: resilience stories", held on 13 october 2021 with Interreg COOfHea "Cooperation for Health" Project.

The aim of the workshop was to listen to the stories and to watch videos of women directly involved in civil protection and resilience activities, who spoke about their experience in COVID 19 emergency management.

It was a joint event, organized by Puglia Region, in partnership with Interreg IPA CBC Italy-Albania-Montenegro, Interreg V-A Greece-Italy, ENI CBC MED, the Municipality of Tirana, and the Regional Council of Lezha.

Among the testimonies, Interreg COOfHea project, born as a reaction to the pandemic after a specific emergency call, presented its results and especially the interesting research that studies the correlation between the genetic profile of a person and his response to Covid19 infection.

3. IMPLEMENTATION OF THE PRIORITY AXIS

3.1 Overview of the implementation

ID	Priority axis	Key information on the implementation of the priority axis with reference to key developments, significant problems and steps taken to address these problems
1	Innovation and Competitiveness	The implementation of the PA is started up with the first call for ordinary projects where 16 projects started their activities in 2018 and additional 5 projects from the reserve list. Majority of the projects (13 out of 21) were approved under specific objective 1.1 and the remaining 8 under specific objective 1.2. The 16 projects started their activities in the second quarter 2018. For the 5 projects further financed (end of September 2018) the activities were started up at the beginning of 2019. In total, the ordinary projects that concluded their activities between the year 2020 and 2021 are 15 out of 21. The 6 remaining project under the Axis 1 will end their activities in the year 2022. For what concerns the Targeted Calls for Strategic Projects, the whole allocated budget was contracted and the projects are under implementation phase. The Targeted Strategic project COOFHEA (7th Targeted Call) was financed in the year 2020 as reply to COVID 19 crisis. The project has a good level of implementation and the amount of certified expenditures in the year 2021 is Euro 2.584.027,57 which corresponds to an absorption rate of 76% of the total budget. Moreover, COOFHEA 2 project was financed in November 2021 under the 8th Targeted Call for Proposals. The total contrated budget amounts to 12.000.000,00 Euro. The financial resources assigned to the approved projects under Axis 1 are € 42.936.832,67. The certified amount included in payment claims of the 2021 was € 18.944044,34. (33,33% of the total of the payment claims of the 2021); the paid out, 31/12/2021, was € 19.637.968,29
2	Integrated Environmental Management	Priority axis 2 has the highest number of running projects in the programme: 24. That reflects the high interest of the cross border regions in the topic covered by the 3 Specific Objectives included in the Axis. For what concerns the Targeted Call for Strategic Projects, 3 projects (COHEN, TheRout_Net and BEST) started up their activities between July and September 2019 (for a total amount of € 32.915.600,00) with the objective to support the development of thematic tourism based on natural ecosystems or thematic cross border sites or routes, The strategic project TheRout_Net (SO 2.1) will end in September 2022, but it has a delayed implementation: the current level of ceritified expenditures amount to Euro 2.454.914,36 which corresponds to an absorption rate of 12% of the total budget (Euro 21.115.000,00). With the 6th Tartegeted Call, a further Strategic Project (AETHER) has been financed in 2020 under the SO 2.2 with the objective to protect marine, coastal and maritime environment and the biodiversity. The budget assigned to the project was 4.500.000,00 and the level of certified expenditures amount to Euro 149.689,21 which corresponds to an absorption rate of 3% of the total budget. The financial resources assigned to the approved projects under Axis 2 are € 68.031.560,76. The certified amount included in payment claims of the 2021 was € 24.830.485,00 (43,71%) of the total of the payment claims of the 2021); the paid out was € 25.500.024,14

ID	Priority axis	Key information on the implementation of the priority axis with reference to key developments, significant problems
		and steps taken to address these problems
3	Cross Border and Sustainable Transport System	As far as projects under priority axis 3 are concerned, 6 projects were running in 2019: 3 under the specific objective 3.1 and 3 under the specific objective 3.2. 2 out of 6 financed projects concluded their activities between the year 2020 and 2021, while the rest of the ordinary projects asked for time extensions of their activities. For what concerns the Targeted Call for Strategic Projects with the Fourth call, € 17.250.000 have been contracted to the S.O. 3.1 for projects contributing to support the development of Smart Port and Multimodal Maritime Tourism and Fishery. The financial resources assigned to the approved projects under Axis 3 are € 29.402.543,07. The certified amount included in payment claims of the 2021 was € 9.482.134,56 (16,69% of the total of the payment claims of the 2021); the paid out, to the same period, was € 10.677.066,24
4	Technical Assistance	During the year, the funds approved by the MC under Priority axis 4 were used for actions and services related to Programme management and implementation. In 2021 the TA expenditures concerned remuneration of the Joint Secretariat. No travel costs, daily allowances and accommodations and expenditures for the organization of events and MC meeting, training seminars were incurred. All the events (FLCs seminars and meeting betwenn JS and Beneficiaries) were held thorugh online platform due to COVID 19 pandemic. The Multi Annual Technical Assistance Plan was approved by the MC held in Bari in September 2018 along with a detailed budget breakdown. In September 2021 some minor modifications have been approved by the Monitoring Committee during the 9th MC online meeting and they concerned the reallocation among the years of unspent amounts during the COVID 19 pandemic of travel and accommodation costs. The certified amount included in payment claims of the 2021 was € 3.551.980,88 (6,26% of the total of the payment claims of the 2021).

5. ISSUES AFFECTING THE PERFORMANCE OF THE PROGRAMME AND MEASURES TAKEN

(a) Issues which affect the performance of the programme and the measures taken

In 2021, there were no specific direct problems which would endanger the performance of the programme. The ordinary and strategic projects continued with the implementation of their activities. We have to underline that 29 on 51 ordinary projects closed their activities.

The Managing Authority ensured that all the Programme authorities have been able to communicate smoothly. A series of communications means such as technical meetings, skype telecommunications, daily exchange of messages for resolving issues, have been adopted and will continue to operate throughout the programming period.

In order to reduce this risk of fund de-commitment (N+3 rules), a number of monitoring measures were proposed to speed up the reporting of project expenses during 2021 for ensuring higher spending and meet the financial targets of the Programme.

Among these measures, technical meetings were held during all the year on line between the beneficiaries, JS and MA, with particularly regards to the strategic projects, with the aim to discuss all the issues affecting a correct and prompt implementation of those ordinary and strategic projects. At the same time, a constant monitoring of the physical and financial progress was carried out by the Managing Authority/JS during the year 2021.

An updated Risk management Tool was approved by the members of the Risk Assessment and Management team for the year 2021. During the fourth (4th) implementation of the tool concerned, 34 risks were identified for all of which it was considered that the existing control measures are moving to an acceptable level and no additional measures are required. More specifically 2 of them are classified as high risk (based on the risk impact and likelihood of their occurrence), another 21 as moderate and the remaining 11 as low-risk hazards.

The two issues highlighted by high risk concern the delays in realization of the physical object of the projects and the inability to keep timetables from the partnership, which reflects delays in the timely delivery of the deliverables. The second has to do with the partial activation of the MIS, as there are still areas for the implementation of the projects for which their functionality has not been completed.

Anyway, Programme bodies are devoted to continuously ensure constant adaptation and maintenance of the MIS along the process of Programme implementation and provide technical support to users whenever needed.

Until the next Risk Assessment from the Group, the identified risks and existing measures will be monitored to ensure that:

→ All risks have been identified,

- → Measures designed to address them are effective,
- → All activities remain within the predefined risk tolerance limit
- \rightarrow identify any necessary changes to the measures and / or the priority of dealing with the risks and finally that
- → All necessary measures are taken in the event of a change in the circumstances.

(b) OPTIONAL FOR LIGHT REPORTS, otherwise it will be included in point 9.1. An assessment of whether progress made towards targets is sufficient to ensure their fulfilment, indicating any remedial actions taken or planned, where appropriate.

10.2 The results of the information and publicity measures of the Funds carried out under the communication strategy

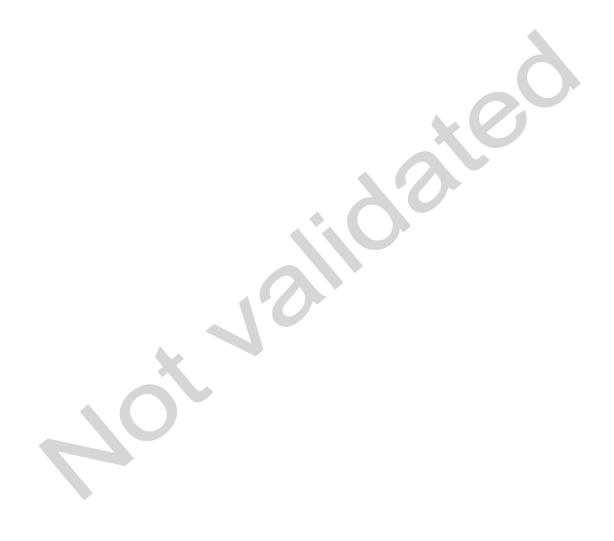

11. ADDITIONAL INFORMATION WHICH MAY BE ADDED DEPENDING ON THE CONTENT AND OBJECTIVES OF THE COOPERATION PROGRAMME (ARTICLE 14(4), SUBPARAGRAPH 2 (A), (B), (C) AND (F), OF REGULATION (EU) NO 1299/2013)

11.1. Progress in the implementation of the integrated approach to territorial development, including integrated territorial investments, sustainable urban development, and community led local development under the cooperation programme

11.2 Progress in implementation of actions to reinforce the capacity of authorities and beneficiaries to administer and to use the ERDF

11.3 Contribution to macro-regional and sea basin strategies (where appropriate)

As stipulated by the Regulation (EU) No 1299/2013, recital 19, article 8(3)(d) on the "Content, adoption and amendment of cooperation programmes" and article 14(4) 2nd subparagraph (c) "Implementation reports", this programme contributes to MRS(s) and/or SBS:

The Programme is covered by EU Strategy for the Adriatic and Ionian Region (EUSAIR) where it potentially plays an important role in exploiting synergies and has the opportunity to draw from lessons learnt, actively contributing to territorial integration.

Challenges affecting the Adriatic-Ionian Region that could be addressed by the Programme are presented as correlation between Programme objectives and the four thematic areas/pillars of EUSAIR (Blue growth, Connecting the Region, Environmental quality and Sustainable tourism). All project outputs and results that have been delivering through implementation are strongly expected to make a positive impact.

More specifically, the Environmental quality pillar dealing with challenge of preserving, protecting and improving the quality of the environment relates to Programme PA 2 concerning the environment and biodiversity protection and ecosystem services, including through Natura 2000 and green infrastructure. Furthermore, the Sustainable tourism pillar dealing with challenge of increasing regional attractiveness by supporting sustainable development of inland, coastal and maritime tourism and preservation and promotion of culture heritage is completely in line with PA 2 aiming to contribute to the development of tourism as well as preservation and sustainable use of cultural and natural heritage. The Blue Growth pillar dealing with challenges referring to supporting the competitiveness of enterprises, including cluster development are related to Programme PA1 aiming at enhancing competitiveness and developing business environment. Finally, the Connecting region pillar dealing with challenges referring to enhancing regional mobility and developing and improving environmentally-friendly and low-carbon transport systems are related to programme PA 3. As for the Strategy cross-cutting aspects, "Research, innovation and SMEs development" and "Capacity Building", it has to be noted that capacity building is envisaged to be tackled through implementation of all Programme Axes, whereas research, innovation and SMEs development relates to Priority Axis 1 aiming at enhancing competitiveness and developing business environment.

Having in mind the potential contribution of the Programme to implement the strategy, a number of coordination mechanisms is envisaged to link the GR-IT Programme implementation to the EUSAIR, including:

- governance arrangements for ongoing mutual information exchange, coordination and joint planning in areas of common interest (regular meetings, participation of programme authorities in specific events, data collection with EUSAIR Facility Points to be set up under the Adriatic Ionian Programme etc.);
- involvement of stakeholders to ensure subsidiarity to the Strategy with the aim to serve as a collector of the civil society needs and put them to the attention of the decision makers;
- communication actions to increase the level of involvement of all stakeholders, but also to duly promote the Strategy as a useful cooperation tool.
