FISH & CHIPS PROJECT

Objectives: Analysis and enhancement of the identity aspects of coastal communities in relation to the "historical memory" of the territory

Protagonists: sea, fishing, maritime traditions, coastal communities and cultural identity

TARANTO AND CORFU

Taranto Mar Piccolo

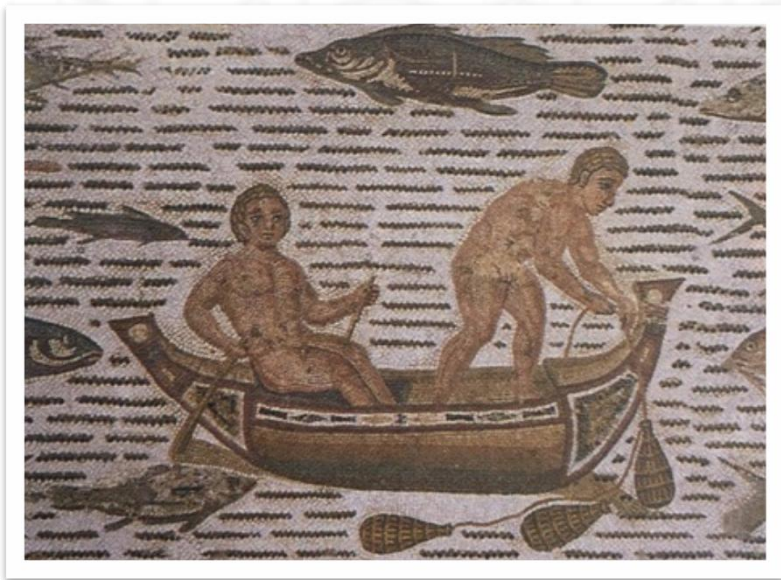

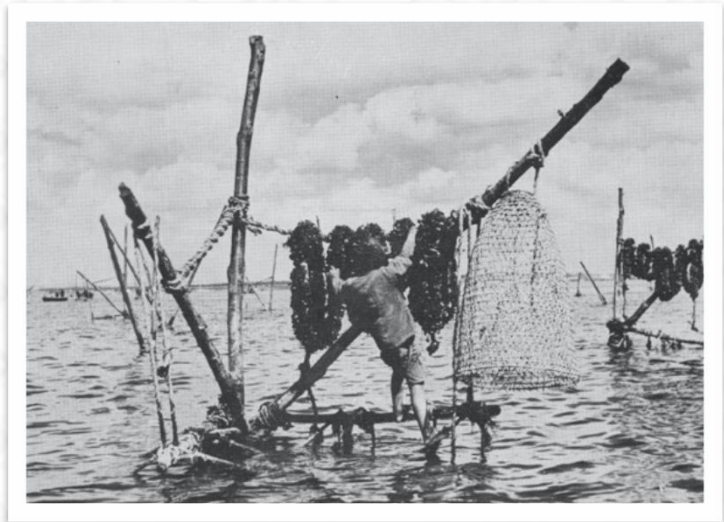

Corfu Korission lagoon & Village of Petritis

FISHING TRADITION AND CULTURE FROM PAST...

FISHING TRADITION AND CULTURE ...TO PRESENT

EUROPEAN UNION

FROM THE DIALOGUE WITH THE LOCAL COMMUNITIES..

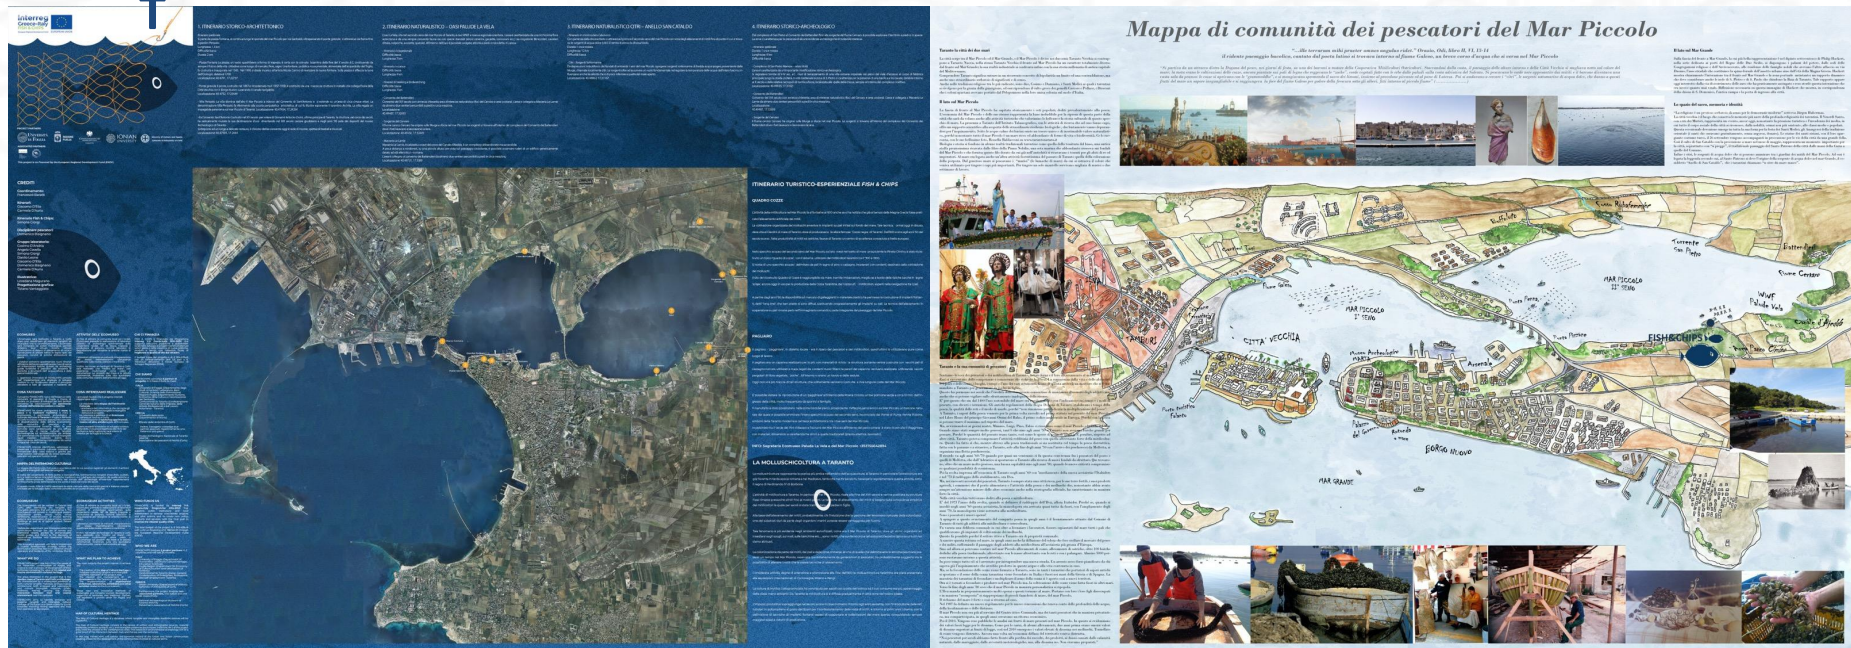

...TO THE ECOMUSEUMS

*Ecomuseums derive from the relationships between a specific **place**, which encompasses heritage and values, and the **people**, which form a community and identities, that inhabit that place.*

MULTIMEDIA APP AZZURRE FRONTIERE

*A time travel between Taranto and Corfu along the blue expanse of the Mediterranean Sea.
An animated story tells about ports, fishing, travels by sea and air, sails and seagulls
to learn about people who have lived in symbiosis with the sea for centuries.*

AZZURRE FRONTIERE

Un viaggio nel tempo fra Taranto e Corfù,
lungo le azzurre distese del mar Mediterraneo,
da sempre frontiera e cerniera fra popoli e culture.

Video documentary *Ionio – A dialogue between two seas*

Nicolò is a contemporary aedo, traveling between Taranto and Corfu, who collects and tells stories of seamen, between past and present, fishing and archeology, a lived life that smells of salt and ancient sites that still bear witness to the glories of the past.
