ILONET PROJECT

*Fostering capacities and networking of industrial liaison offices,
exploitation of research results and business support*

**Dr Ioanna Giannoukou,
Ass. Professor, University of Patras**

www.interreg-ilonet.eu

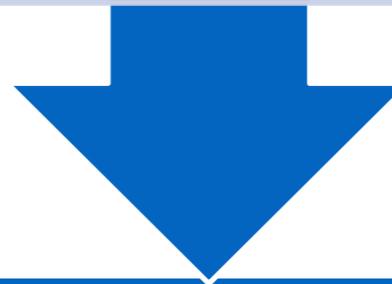

www.greece-italy.eu

Project co-funded by European Union, European Regional Development Funds (E.R.D.F.) and by National Funds of Greece and Italy

Our beneficiaries...

Industrial Liaison Offices – Technology Transfer Office

Must support the development and growth of existing enterprises (SME) through the **reinforcement of skills and the diffusion of innovation culture** that may encourage youth entrepreneurship and the creation of new innovative enterprises.

Researchers and Enterprises

Innovative SME and start-up **face new technological, organizational and commercial challenges** imposed by the knowledge economy and the internationalization processes.

How everything started...

Economies of Greece - Italy

*Southern Europe's universities are often **lag in their ability to effectively contribute to the competitiveness of the local companies.***

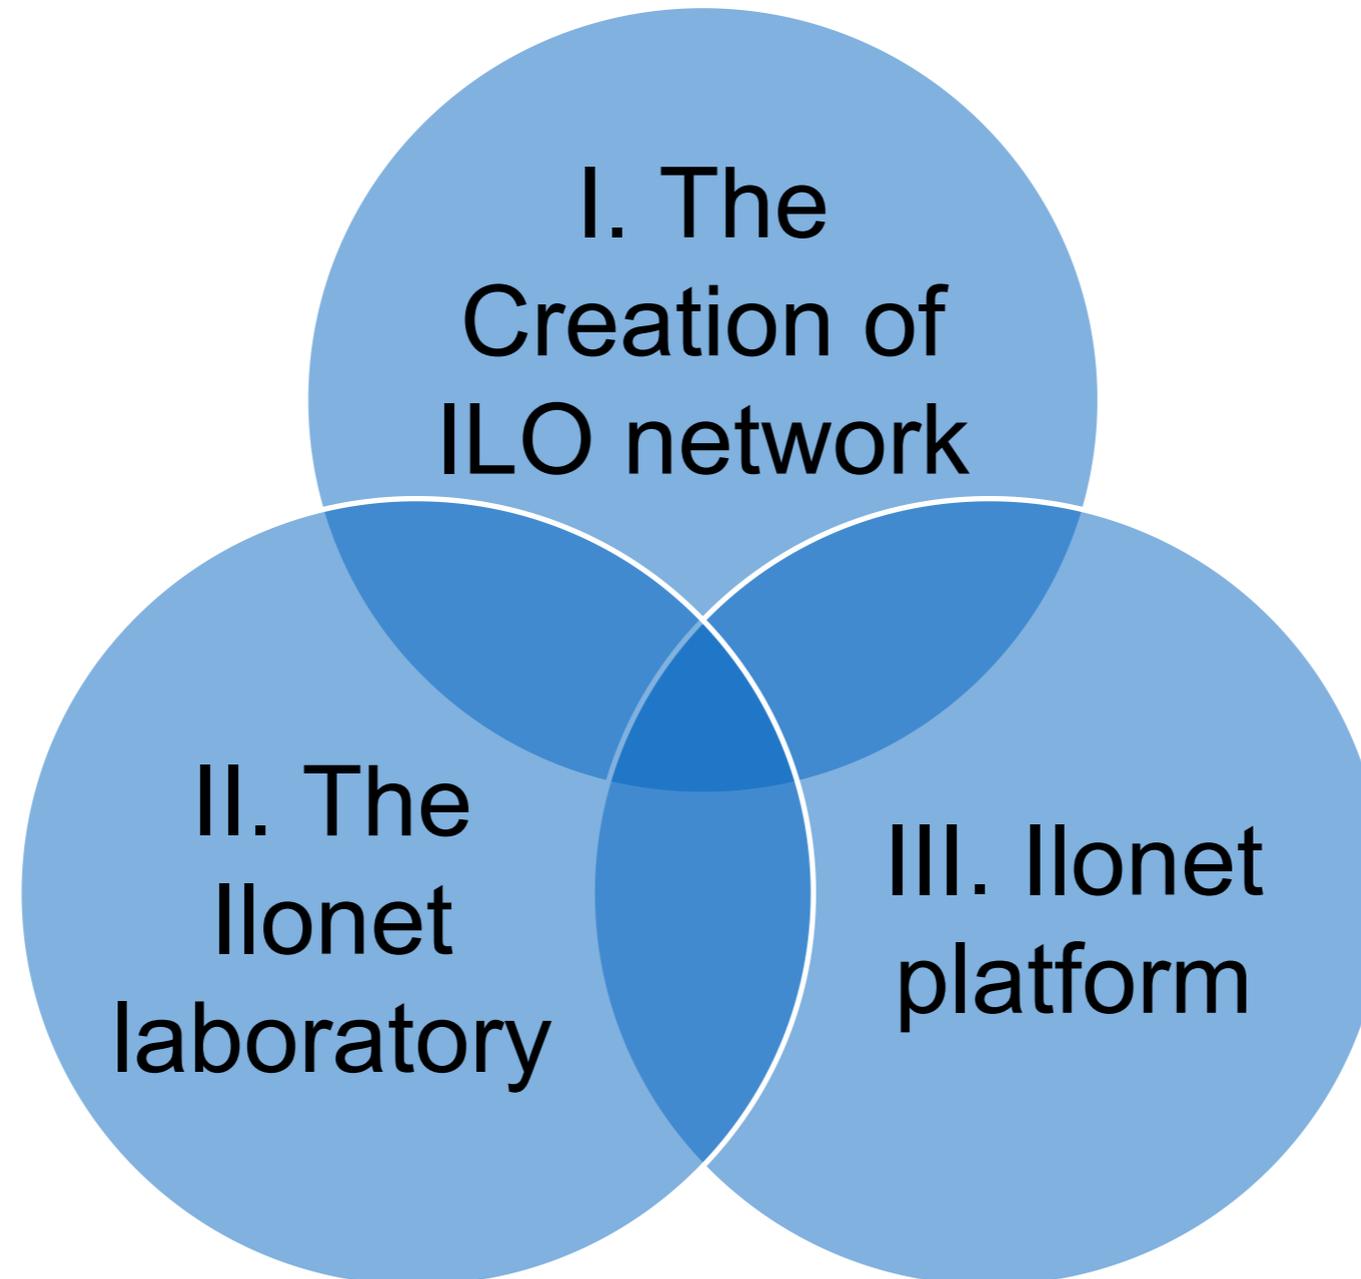

The economies of **Italy and Greece** are characterized by SMEs.

TTO (Universities & Research Centers):

Main Mission: **valorization of research results** and their **impact on the local economy.**

Provide related services through a dedicated office and skilled personnel.

Main project outputs

I. The Creation of ILO network

A cross border network of ILO involving all actors of innovation chain

Participants

- University of Patras (GR)
- University of Bari Aldo Morro (IT)
- ARTI (IT)
- University of Ioannina (GR)
- Ionian University (GR)

Our focus

- To increase the market and societal impact of publicly-funded research.
- To promote a culture of innovation and entrepreneurship among the partners involved
- To offer and support facilities that significantly reduce the work-load and timelines for TTOs
- To promote and professionalize the knowledge transfer practice and practitioners

II. The Ilonet Laboratory

Strengthening of the ILO managers' skills, capacities, methodologies and models

Participants

- TTO Managers
- TTO staff members

Topics

- 1 - TTOs Governance and organization: from best practices to new vision
- 2 - IP Protection
- 3 – Open Innovation
- 4 – Cooperation Research
- 5 - Networking
- 6 - Fundraising
- 7 – Competitive events for business ideas
- 8 – Business & Project Development
- 9 – Service Promotion
- 10 - Valorization Research Results

III. The Ilonet Platform

links and synergies between enterprises, research and development centers, promoting technology transfer, networking and supporting technological and applied research

platform.interreg-ilonet.eu

Enterprises (Seekers)

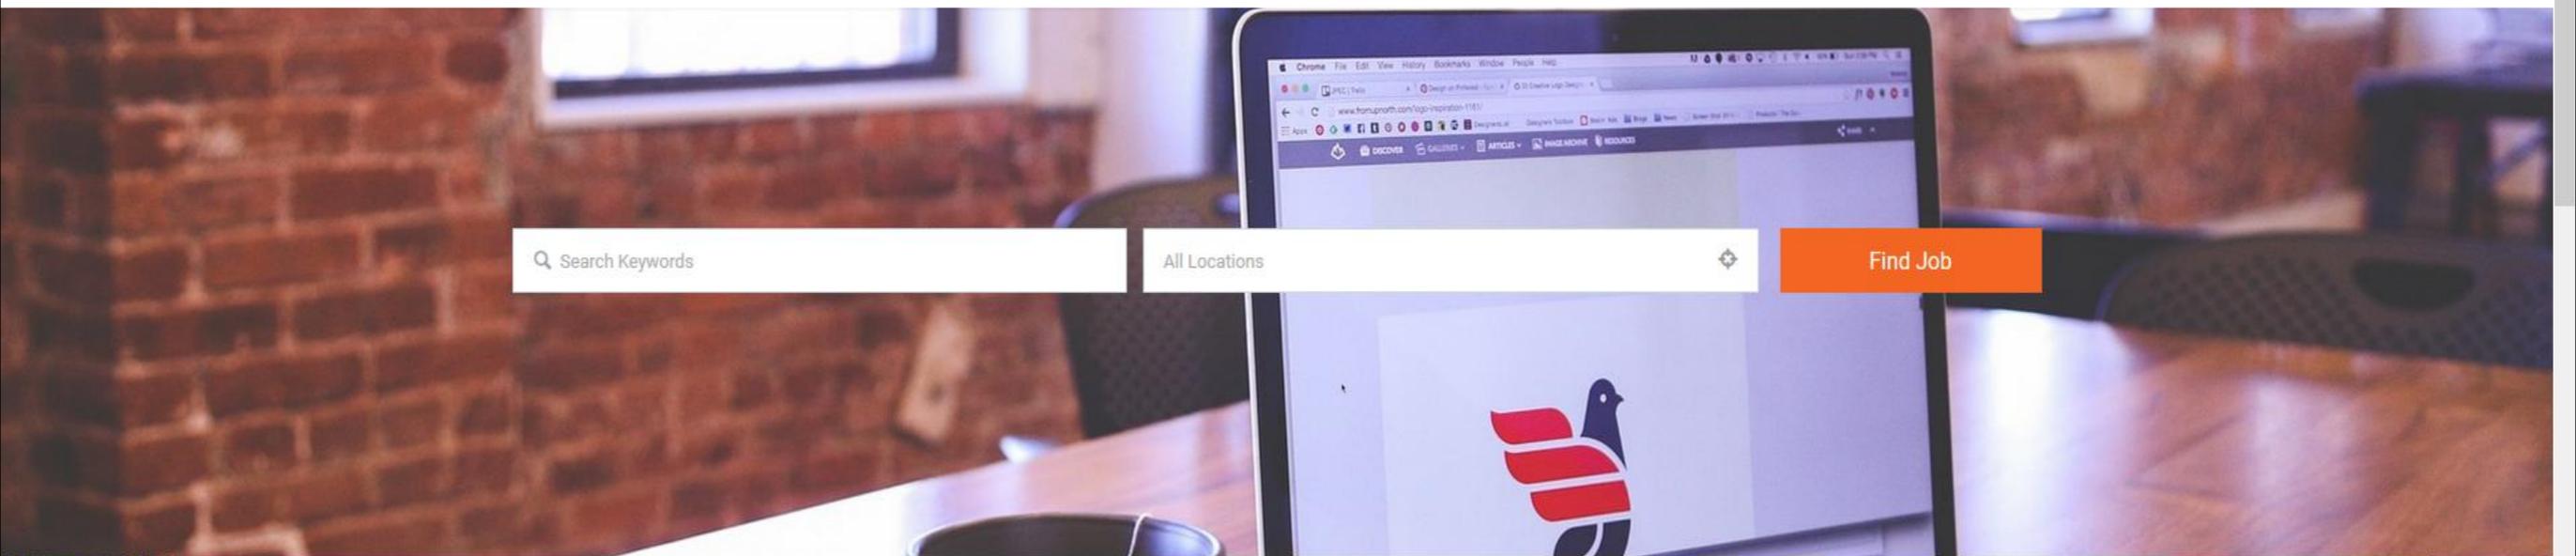

- Profile setting
- Web search engine for researchers (match – making procedure)
- Upon log in enterprises can automatically see a pop up menu with a list of researchers that might be of their interest.

TTO managers and staff members

- Presentation of TTOs, Best practices of TTOS, Spin-offs and Patents
- Training material and training programs for staff members and managers
- Web search engine for Enterprises (seekers) (match – making procedure)
- Web search engine for researchers (match – making procedure)

Researchers

- Profile setting
- Web search engine for enterprises (seekers) (match – making procedure)
- Upon log in, researchers can automatically see a pop up menu with a list of enterprises that might be of their interest.
